 All other models - £35 inc clips  
 CASTORS - £150  
 SPEEDRAIL FOR TL RANGE - £150

Standard specification features environmentally friendly hydrocarbon refrigerant (zero ozone depletion, extremely low global warming potential), polystyrene insulation (no blowing agents, recyclable) and 220-240/1/50 electrics. Single doors are reversible.

For maximum performance with minimum energy usage, lights (where fitted) are low voltage LED and fans (where fitted) are also low voltage. Shelves are either chromed wire, stainless wire or ventilated stainless steel (depending on model) to maintain internal airflow and improve cooling performance.
