

OSBORNE REFRIGERATORS

Osborne Refrigerators Ltd have been established at our West Sussex base for more than 50 years and we are the leading British manufacturer of refrigerators designed for the chilling and storage of wine and cold beverages. As well as our professional range of cabinets, which are specified by leading breweries, drinks manufacturers and leisure companies across the world, we also produce a range of high quality cabinets designed specifically for domestic use.

All our refrigerators use ozone friendly R134a or R600a refrigerant and CFC free polystyrene insulation and can be efficiently recycled at the end of their life.

The Osborne range is always evolving, due to our commitment to constantly improve our products and also in response to specific customer requirements. We have built an enviable reputation for the quality and reliability of our refrigerators and we will never stop working to maintain that reputation.

Model MM105M

Voltage (V)	220-240
Frequency (Hz)	50
Rated Power (W)	80
Compressor	Danfoss TLES5.7KK.3
Refrigerant Type	R600a
Refrigerant Charge (g)	31
Temperature Range (°C)	2-6
Insulation Type	Polystyrene, CFC Free
Approvals	CE

Details

Model MM105M is a double door cabinet designed primarily to store chilled milk for feeding into a coffee machine. The cabinet is manufactured from stainless steel with a stainless steel interior and is fitted with self-closing solid doors. The interior is fan-circulated for consistent cooling performance and the interior lighting is by LED for increased energy efficiency. The unit is supplied with a digital temperature controller and can also be fitted with optional hi/low temperature and door-open alarms.
